VAIBHAV WABLE

Full Stack Developer | Java, Flutter, React Native, Node.js | MERN Stack

+91-8698066529 | vaibhavswable@gmail.com | Pune, India | linkedin.com/in/vaibhavwable
github.com/wablevaibhav | wablevaibhav.github.io | Experience: 3+ Years

Professional Summary

Flutter & React Native developer with 3+ years of experience building and shipping cross-platform mobile apps (freelance and production), now building AI-integrated products using LLM APIs (OpenAI, Claude, Gemini). Also experienced as a MERN Stack / JavaScript Developer, building Node.js and Express.js backend services. Delivered applications with 20%+ performance gains, built CI/CD pipelines that cut deployment time by 20%, and introduced AI-assisted development workflows that cut dev time by 30%. Core stack: Flutter, Dart, React Native, Next.js, Node.js, Express.js, Firebase, REST APIs and Clean Architecture, with hands-on experience in LLM API integration, prompt engineering and agentic AI workflows (Claude, Cursor, GitHub Copilot).

Technical Skills

Mobile: Flutter, Dart, React Native, Expo, Kotlin & Java (native Android)
Web: ReactJS, TypeScript, JavaScript (ES6+), Next.js, GraphQL, Material UI, Ant Design, HTML5/CSS3
AI & LLM: LLM API Integration (OpenAI, Claude, Gemini), Prompt Engineering, Agentic AI Workflows, GitHub Copilot, Cursor
Backend & Data: Node.js, Express.js, PHP, REST APIs, Firebase, MongoDB, PostgreSQL, Google Maps API
Cloud & DevOps: AWS (Lambda), Docker, CI/CD, GitHub Actions, AWS Amplify, CodeMagic
Tools & Testing: GitHub, Jira, Confluence, Jest, Webpack, Vite
Practices: Clean Architecture, Agile/Scrum, Code Reviews, Production Support, App Store & Play Store Deployment

Certifications

Building with the Claude API (Anthropic) | Claude Code in Action (Anthropic) | AWS Cloud Technical Essentials (AWS) | React Basics (Meta) | Advanced Programming in Kotlin (Meta) | Agile Project Management (Google)

Work Experience

Software Engineer | CentraLogic *Jan 2024 – Present*

- Develop and maintain cross-platform mobile applications using Flutter and React Native in production, integrating LLM APIs (OpenAI, Claude, Gemini) into product features; delivered 20%+ performance gains.
- Build secure Node.js and Express.js backend services on AWS (including AWS Lambda) with PostgreSQL and REST APIs, powering critical features such as real-time driver tracking with Google Maps API.
- Designed a modular architecture with reusable Flutter widget libraries to improve code reuse and speed up feature development.
- Built CI/CD pipelines with AWS Amplify and CodeMagic that cut deployment time by 20%; introduced AI-assisted development workflows (Claude, Cursor, GitHub Copilot) that cut development time by 30%.
- Own the App Store and Play Store lifecycle (signing, builds, release management, submissions, version upgrades) and resolve production issues end-to-end.
- Conduct peer code reviews and mentor junior engineers in Agile/Scrum practices.
- Started as Software Engineer Trainee (Jan–Jun 2024), working on Flutter-based mobile application development in a production environment and assisting with API integration and backend communication using Node.js, before being promoted to Software Engineer.

Freelance Software Developer | Self-employed *Aug 2021 – Dec 2023 (part-time/contract)*

- Developed and deployed Flutter and React Native applications tailored to client requirements, integrating REST APIs and Firebase; built responsive web apps with Next.js and React, independently resolving production issues.

Android Developer (Internship) | RootKit Consultancy Services *Jan 2023 – Apr 2023*

- Worked on Android application development using Java/Kotlin, gaining experience in debugging, backend integration and performance optimization.

Projects

- Expense Tracker — Smart Finance App (Jul 2026 – Present): Personal finance mobile app (Flutter, Generative AI) with AI-assisted categorization and spending insights.
- HRMS — Human Resource Management System (Apr – Jun 2026): Personal HRMS mobile app (Flutter, Node.js) covering onboarding, attendance and leave management for small teams.

Education

- M.Sc (Computers) — Indira College of Commerce and Science, Pune — 2024 — 80% | B.Sc, Computer Science and Technology — Pune University — 2022 — 76%
- 12th (CBSE) — 2018 — 67% | 10th (CBSE) — 2016 — 72%
